## Portrait Finishes

### *Prestige*

Our finest product for those who demand perfection. These portraits are carefully retouched and handcrafted. The finished product is then bonded to either an artist's canvas, or printed directly on fine art watercolor paper.

### *Custom*

Custom portraits are retouched and cropped to your specifications. The finished product is then mounted on archival mat board and sealed for protection with a salon lacquer.

### *Economy*

Budget priced, these prints are accurate representations of your previews. They are completely color balanced and cropped within certain limitations. Each print comes in an individual folder.
